

## **Study skills – Study strategy – Study techniques (SU Teaching Assistant and Learning Program; module: Learning)**

**Target groups:** students, guest and auditing students, tutors from all faculties, doctorate students without teaching task, anyone else, who is interested

### **Contents and Learning Outcomes:**

- Develop learning and study skills and apply them to your studies
- Apply your personal best study techniques
- Develop, describe, and pursue your personal study strategy or strategies
- Conceive of and advance your studies as an individual, goal-oriented project for the future

**Lecturer and Program manager:** Dr. Birgit Roßmanith has been head of the University Didactics Unit at the SU at ZeLL since 2008.
