## 4th Teachers' Day: Grammar Rules?

### Workshop Günther Sommerschuh

Cognitive approaches to grammar in the EFL classroom

Learning the often incomplete or incorrect grammar rules from the textbooks by heart does usually not generate correct language. In general, these rules don't help pupils to get a theoretical insight into the language.

In the workshop we will explore how cognitive approaches such as timelines and concept questions can be integrated into the lessons. Another aim is to demonstrate how theoretical aspects of the language can be linked with the topic-orientation required by the syllabus.
