

WOCHEN DES
WASSERSTOFFS
21.-29.6.2025

powered by

Your Future with H₂!

Experience hydrogen up close! Visit our exhibition of leading hydrogen companies from Saarland and learn more about innovative technologies and career opportunities.

Program:

- Expert talks on research and education in the Greater Region of SaarLorLux (in German & English)
- Exclusive power plant tour (limited spots available)

Take this opportunity to network and kick-start your career in the hydrogen sector!

Catering will be provided. The program is still being finalized.

June 25, 2025, 10:00 AM – 4:00 PM

Völklingen/Fenne Power Plant

If there is enough interest from a university, a bus transfer can be arranged.

“A strong hydrogen economy requires cross-border thinking - in Saarland, we are focussing on precisely this and driving the energy transition forward together with France and Luxembourg’!
