

---

*Biology Symposium: Proteins, metabolism and (epi)genetics — 17<sup>th</sup> April 2024*  
*Universität des Saarlandes, Saarbrücken, Campus A4.3 Seminar Room*

---

Online attendance: <https://tinyurl.com/4vv8d5wd>

**09:00-09:45 – Kathrin Ulrich, University of Cologne**

*Maintaining a healthy proteome – The role of redox-regulated chaperones during stress and age-associated proteostasis decline*

**09:45-10:30 – Hamed Alborzinia, German Cancer Research Center, Heidelberg**

*Ferroptosis: Mechanisms and Therapeutic Potential*

**10:30-11:00 – Coffee Break**

**11:00-11:45 – Christina Ising, CECAD, University of Cologne**

*Live and let die - microglia cell death and senescence in tauopathies*

**11:45-12:30 – Ina Huppertz, Max Planck Institute for Biology of Aging, Cologne:**

*RNA-Binding Proteins in Metabolic Control: Bridging the Gap*

**12:30-13:30 – Lunch**

**13:30-14:15 – Janin Lautenschläger, CIMR, University of Cambridge**

*Phase-Separation at the Pre-synapse – Alpha-synuclein in health and disease*

**14:15-15:00 – Mauro Corrado, CECAD, University of Cologne**

*Trick or treat: twisting T cell immunity with metabolism*

**15:15 – Campus tour and visit to cell biology labs.**

**19:00 – Joint dinner in Saarbrücken**
