New in Germany and at Saarland University (UdS)? You haven't spoken German for a long time? Then take part in our October intensive course to prepare your study stay. While you expand your vocabulary and improve your grammar, you will already meet new people who will also study at the UdS for one or two semesters. The language lessons are thematically tailored to your needs and so you will receive interesting information about student life at the UdS, on campus, in Saarbrücken and the surrounding area in reading and listening texts. In this course you will have time to arrive, try out the German language and get to know the new university, city and fellow students.
