

Proof of language proficiency for PROMOS

Students applying for the PROMOS scholarship can demonstrate their language proficiency through standardized language tests such as UNICERT, DELE, TOEFL or other tests offered by the Language Centre (DAAD language certificate).

Who you should contact to receive a DAAD language certificate depends on your subject area.

Students studying a language

You can ask any lecturer that teaches a language in your department to attest your language proficiency. Your lecturer can use the [Language Certificate for Candidates from Germany Applying for a DAAD Scholarship Abroad](#) form.

Students of other disciplines

If you are enrolled in a different department, you can sit a language test at the Language Centre. Upcoming test dates can be found on the following web pages or by getting in touch with the contacts for each language below.

English

Language Centre,
Building C5 4,
66123 Saarbrücken
Germany
