

Auswertung High Speed Electronics

Antworten aus den offenen Fragen

Ich studiere

Der Termin der Veranstaltung hat sich überschritten mit:

nothing

Microelectronics 4, Embedded drive systems

Folgende Vorkenntnisse haben gefehlt:

Mein gesamter Zeitaufwand für diese LV (VL, Übung, Vor- und Nachbereitung) betrug ca. ... h/Woche:

6

07. Jun

10h

6 hours/week

Welche digitalen Formate (wenn in dieser Vorlesung eingesetzt) waren hilfreich?

Was waren Ihre größten Lern-Herausforderungen im Digital-Semester?

self motivation and discipline, "being at work in the same room as you're supposed to relax in the evening all week"

preparing all questions (for me it was hard, but it should not be changed it helps a lot)

No major challenges were encountered.

Low bandwidth network, listening the lecture has been tough when there is no proper stable network

Welche Wünsche, Kommentare oder Verbesserungsvorschläge haben Sie speziell zu den Online-Lehrmethoden der Veranstaltung?

The slides are often overloaded

Please have a option for recorded lectures also. Since improper network caused so many difficulties in understanding of the lecture content

Was war gut an der Lehrveranstaltung, bzw. was sollte unbedingt bleiben?

illustrations, side notes and conclusions in the lecture notes

the preparing questions are very helpful, to understand the lecture

The supporting questions

Materials

Was war schlecht an der Lehrveranstaltung, bzw. was sollte unbedingt geändert werden?

sometimes, the internet connection was a bit weak, so occasionally no audio was audible for a few seconds

Would have been really better if recording was also available
