Childcare and Kindergarten in Saarbrücken

1. If you are coming to Saarland University or the affiliated institutions with an employment contract, you might be eligible to apply at the Kita Unikate (https://www.e-impuls.de/kita-unikate-saarbruecken/) coordinated by the Audit Family Office. Kids from 9\textsuperscript{th} week to 3 years are cared for in Krippe and children from 3 to 6 years go to Kindergarten. Here you can find the application form https://www.uni-saarland.de/page/audit/kinder/kitas.html. Unfortunately, the waiting list is long to get in this Kita and the placements depend on various work and social factors.

2. If you are coming to Saarland University as a student, then you can apply at the Studentenwerk Kita. They also accept applications from the employees of Saarland University. This facility also has a waiting period. Please contact them here: https://www.studentenwerk-saarland.de/de/Kinder/Ansprechpartner

3. We highly recommend that you also apply to other Kitas and Kindergartens through this portal: https://www.kitaplatz-regionalverband.de/elternportal/elternportal.jsf This portal lets you register with different childcare organizations based on the geographical location. Please register yourself there and apply to other daycares.

4. Daycare mother (Tagesmutter) is another option funded by the State. Since the waiting time is long at most Kitas and Kindergartens, the government trains and approves individuals interested in providing childcare. These people are called Tagesmutter/vater. They could provide you with flexible hours and the care happens in a homely environment. You can individually contact them through this portal: https://www.service-kinderbetreuung.de/karte/kinderbetreuungsangebote/ More information about it here: https://www.regionalverband-saarbruecken.de/eltern/kinderbetreuung/

5. Last but not least, you have an exclusive access to Saarland University's Online Babysitters Database (on the campus or via VPN): https://www.uni-saarland.de/page/audit/kinder/babysitting.html The babysitters have been checked for childcare experiences and have a liability insurance. You can request them either via the contact form on our website or you can write to us at familie@uni-saarland.de Under certain conditions, Saarland University reimburses you up to 26 hours per semester.

Students and the employees of Saarland University can also request an in-person consultation by writing to us at familie@uni-saarland.de
