UNIVERSITÄT DES SAARLANDES

Call for Nominations and Applications

Horst-Dietrich Hardt-Preis

Elisabeth and Prof. Dr. Horst-Dietrich Hardt Foundation

sponsors the

Award for exceptional and groundbreaking research work in the field of Inorganic Chemistry.

An internationally visible personality will be honored with the award. There are no restrictions regard-ing the investigated compound classes or the employed methodology, but – in consideration of the interests of the benefactors – contributions with general relevance for the phenomena of thermochromism and luminescence are particularly welcome. The prize is awarded every five years and endowed with

25.000 €.

Self-nominations are explicitly encouraged. The nomination/ application shall contain a short descrip-tion of the scientific achievements (2 pages max.) and a complete publication record and the CV of the suggested awardee. The committee of former awardees will evaluate the dossiers. The award ceremony will likely take place during the IRIS 2027 at Saarland University. Please send the requested documents by e-mail (geschaeftsfuehrung-nt@uni-saarland.de) as a single pdf-file by 31 January 2027 to the Award Committee of the Elisabeth and Prof. Dr. Horst-Dietrich Hardt-Foundation, Naturwissenschaftlich-Technische Fakultät der Universität des Saarlandes.
