<p>Mein Wahlprogramm:</p> <p>Bring back the Würze to Mensa!</p> <ul style="list-style-type: none"> I demand the return of the Maggi-Bottles on every table in Mensa. (Or alternatively a Maggi dispenser) <p>Cheap coffee for all!</p> <ul style="list-style-type: none"> Establish AStA cafés that are not profit-oriented and offer space for student exchange. <p>Better working conditions for support staff!</p> <ul style="list-style-type: none"> 15 euros minimum wage for all university employees and people who work on campus - from HiWis to cleaners! Re-regulate contract terms and introduce a staff representation with the right to act and make decisions. We also demand support for the TVStud - the introduction of a binding collective agreement for student employees. <p>Active against the right wing, racism and anti-Semitism!</p> <ul style="list-style-type: none"> Create a new AStA department for anti-fascism and anti-racism. Furthermore, continue to support and expand feminist and queer structures, orgs and educational offers. <p>Improve student housing!</p> <ul style="list-style-type: none"> The student dormitories of the Studierendenwerk should be expanded. Buildings founded by the government, because private posh dormitories like in Meerwiesertal are a mockery! We want a rent cap for dormitories. The student body should initiate a campaign for social housing and support political initiatives that advocate a social housing policy. <p>Promote international students!</p> <ul style="list-style-type: none"> Abolish blocked accounts for foreign students! Create incentives for international students to learn German: introduce free CP for language courses. <p>Expand the range of Mensa!</p> <ul style="list-style-type: none"> We demand a price reduction, an extension of the vegetarian and vegan offer and the extension of the opening hours - for an offer in the evening! We clearly support the preservation and renovation of the Mensa. <p>For a political student body that gets involved!</p> <ul style="list-style-type: none"> The campus is not an island separated from society: we want a political AStA that gets involved in social and political current affairs. <p>Extend and maintain the semester ticket!</p> <ul style="list-style-type: none"> We demand a reduction of the 49€ - ticket, like for pupils, and an upgrading of the current semester ticket.
