Subject-Specific Regulations for the Bachelor’s degree ‘Cybersecurity (English)’ at Saarland University Supplementing the Joint Examination Regulations for the Bachelor’s and Master’s Degree Programmes of Faculty 6 (Natural Science and Technology Faculty I – Mathematics and Computer Science)

DD Month 2021

Note: This translation is provided for information purposes only. In the event of any discrepancy between the translation and the original German version published in the Official Bulletin (Dienstblatt der Hochschulen des Saarlandes), the provisions of the latter shall take precedence.

Pursuant to Section 64 of the Saarland Higher Education Institutions Act (SHSG) (Official Gazette of Saarland I, p. 1080) as amended by the Act of 22 August 2018 (Official Gazette I, p. 674) and based on the Joint Examination Regulations for Bachelor’s and Master’s Degree Programmes of Faculty 6 (Natural Science and Technology Faculty I – Mathematics and Computer Science) of 2 July 2015 (Official Bulletin No. 72, p. 616) as amended by the Ordinance to Amend the Joint Examination Regulations for Bachelor’s and Master’s Degree Programmes of Faculty 6 (Natural Science and Technology Faculty I – Mathematics and Computer Science) of 28 April 2016 (Official Bulletin No. 47, p. 404) and with the consent of the Saarland University Senate and the University Board, the Faculty of Mathematics and Computer Science at Saarland University hereby issues the following Subject-Specific Regulations Governing the Bachelor’s Degree Programme in ‘Cybersecurity (English)’.

Section 27
Scope
(cf. Sec. 1 of the Joint Examination Regulations)

These subject-specific regulations apply to the Bachelor’s degree programme ‘Cybersecurity (English)’ at Saarland University.

Section 28
General information
(cf. Sec. 2 of the Joint Examination Regulations)

The Bachelor’s degree programme ‘Cybersecurity (English)’ is more strongly research-oriented.

Section 29
Types of degree programmes
(cf. Sec. 3 of the Joint Examination Regulations)

The Bachelor’s degree programme ‘Cybersecurity (English)’ is a single-subject degree programme within the meaning of the Framework Examination Regulations for Bachelor’s and Master’s Degree Programmes at Saarland University (BMRPO).

Section 30
Student workload
(cf. Sec. 4 of the Joint Examination Regulations)

Course attendance may be compulsory for certain seminars, project seminars, exercise and problem-solving classes and practical skills classes. Students will be notified of this by the instructor at the beginning of the course. The mandatory attendance requirement is normally deemed to have been met if a student was present for at least 85% of the course sessions. If
there are reasonable grounds for a student’s absence, the student may be offered the option of completing alternative assignments.

**Section 31**

**Examiners; Supervisors; Observers**

(cf. Sec. 8 of the Joint Examination Regulations)

(1) The Examination Board shall appoint examiners, thesis examiners and/or thesis supervisors from the groups in Section 8(1), items 1 to 7 of the Joint Examination Regulations for the Bachelor’s and Master’s Degree Programmes of the Faculty of Mathematics and Computer Science and, additionally, from the group of mid-level academic staff with the right to supervise doctoral candidates.

(2) In addition to the examiners, thesis examiners and thesis supervisors specified in Section 8(2) of the Joint Examination Regulations, the Examination Board may in individual cases and with the consent of those members of professorial staff with responsibility for the relevant subject area also appoint heads of independent junior research groups, members of mid-level academic staff qualified to doctoral level, members of staff qualified to doctoral level at the on-campus research institutes CISPA (Helmholtz Center for Information Security), DFKI (German Research Centre for Artificial Intelligence), MPI-I (Max Planck Institute for Informatics) or MPI-SWS (Max Planck Institute for Software Systems), as well as other qualified and experienced professionals working in the relevant field.

**Section 32**

**Procedural elements, presentation and layout of the thesis**

(cf. Sec. 23 of the Joint Examination Regulations)

A colloquium lasting 30 minutes shall be held in order to establish that the Bachelor’s thesis is the candidate’s own original work. The colloquium shall be held no later than six weeks after the candidate submits the printed version of the Bachelor’s degree thesis. One of the colloquium examiners shall be the person who sets the candidate’s thesis topic.

**Section 33**

**Degree qualification and documentation**

(cf. Sec. 25 of the Joint Examination Regulations)

In addition to the information presented in Section 25(1) of the Joint Examination Regulations for Bachelor’s and Master’s Degree Programmes of the Faculty of Mathematics and Computer Science, the examination certificate may also list the areas of specialization studied, other student attainments and the results achieved.

**Section 34**

**Commencement**

These regulations shall come into force on the day after they are announced in the Official Bulletin of the Institutions of Higher Education in Saarland (Dienstblatt der Hochschulen des Saarlandes).

Saarbrücken, DD Month 2021

President of Saarland University
(Univ.-Prof. Dr. Manfred J. Schmitt)
