to commence at the earliest opportunity. This is a tenure track position leading to a W2 professorship.

The successful candidate will be expected to teach and conduct research across all areas of medical informatics. The appointee is also expected to be involved in and contribute to the DIFUTURE consortium in the BMBF-funded Medical Informatics Initiative and the national network of university medical centres and teaching hospitals dedicated to COVID-19 (NUM). The person appointed will also be expected to develop and improve the Medical Faculty’s research data infrastructure with the aim of establishing a data integration centre in collaboration with the IT centre at UKS. Applicants should demonstrate academic expertise in and experience in academic teaching and research. Candidates must be university graduates of 12 years.

The successful candidate will be expected to establish ties to the research activities associated with the university’s core research field ‘NanoBioMed’ and to engage closely with the external research institutes (CISPA Helmholtz Center for Information Security, MPI-I Max Planck Institute for Informatics) located on the Saarbrücken campus.

The appointment will be made in accordance with the general provisions of German public sector employment law. Candidates must be currently graduated with experience in and an aptitude for academic teaching who have shown a particular capacity for independent academic research, generally through the quality of their PhD or doctorate. For additional information on employment requirements, please refer to Sec. 1.3 of the Framework Regulations Governing the Approval, Recruitment and Evaluation Procedures for Junior Professorships at Saarland University (Rahmenordnung zur Freigabe, Besetzung und Evaluierung von Juniorprofessuren an der Universität des Saarlandes) of 12 December 2018 (www.uni-saarland.de/Berufungen).

At Saarland University, we view internationalization as a process spanning all aspects of university life. We therefore expect members of our professorial staff to engage in activities that promote and foster further internationalization. International support will be provided for projects that continue with or expand on collaborative interactions within existing international cooperative networks, e.g. projects with partners in the European University Alliance Transform4Europe (www.transform4europe.eu) or the University of the Greater Region (www.uni-gr.eu).

In accordance with the objectives of its affirmative action plan for women, Saarland University is actively seeking to increase the proportion of women in this field. Qualified women candidates are therefore strongly encouraged to apply. Preferential consideration will be given to applications from disabled candidates of equal eligibility.

To apply for this position, please submit your application by no later than 18 November 2021 via Saarland University’s online professional appointments platform: www.uni-saarland.de/berufungen. Application documents must be uploaded as a PDF file (max.10MB) and should include the following documents: letter of application (addressed to the Dean of the Faculty of Medicine Prof. Dr. Michael D. Menger); CV/résumé (including your home address, telephone number and email address); copies of relevant academic qualifications; a list of publications, a summary of your previous experience in academic teaching and research (incl. teaching appraisals, if available); types of external funding secured and amounts; a two-page paper detailing your teaching concept and a two-page research concept; and your three most significant publications of the last five years.

When you submit an application to Saarland University, you will be transmitting personal data. Please refer to our privacy notice for information on how we collect and process personal data in accordance with Art. 13 of the General Data Protection Regulation (GDPR) (https://www.uni-saarland.de/en/privacy.html). By submitting your application you confirm that you have taken note of the information in the Saarland University privacy notice.
