

Advertisement of a Vacancy at Saarland University

At the Faculty of Mathematics and Computer Science, Chair of Computer Science and Computational Linguistics the following position is vacant:

Job Offer :	Scientific Assistant (PostDoc)
Place of Employment:	Saarbruecken
Date of Employment:	02.01.2019
Volume of Employment:	full time employment
Duration of Employment:	2 years (possibility of renewal)

Position Description:

Applications are invited for a highly motivated postdoctoral researcher in computational linguistics. The topic area is open, but should be related to one or more of the current research topics of the group (discourse / pragmatics, models of event representation / semantics, natural language generation, multimodality or computational psycholinguistics).

The responsibility of the postdoctoral researcher will also include teaching 4h/week per semester, this could consist of an undergraduate course in computational linguistics (ideally taught in German) and a more specialized lecture or seminar closer to the applicant's research area. Supervision of students is possible if wanted.

The opportunity to own academic training (post-doc) will be given.

Conditions for Employment:

Mandatory conditions for employment are:

PhD in computational linguistics, computer science or a related area.

Applicants with the qualifications noted below will be preferred:

Publications at international venue(s), fluent English.

Work contract and salary will accord to the respective collective agreement, i.e. TV-L.

Full-time positions are in principle divisible (§ 7 Abs. 1 TzBfG).

Saarland University aims to increase the number of women in this field. Therefore, women are encouraged to apply for this position.

Physically handicapped persons will be preferred in case equally qualified.

Please refer to reference **W1439** in your application. Closing date for applications is **November 7th 2018**. Please submit your CV, letter of motivation outlining your research interests, list of publications and names of two referees in electronic form (.pdf) to the following email-address: vera@coli.uni-saarland.de.
