Job description:
Requisition ID: 185352
Work Area: Software-User Experience
Location: St. Ingbert
Expected Travel: 0 - 10%
Career Status: Student
Employment Type: Limited Full Time

COMPANY DESCRIPTION
SAP started in 1972 as a team of five colleagues with a desire to do something new. Together, they changed enterprise software and reinvented how business was done. Today, as a market leader in enterprise application software, we remain true to our roots. That’s why we engineer solutions to fuel innovation, foster equality and spread opportunity for our employees and customers across borders and cultures.
SAP values the entrepreneurial spirit, fostering creativity and building lasting relationships with our employees. We know that a diverse and inclusive workforce keeps us competitive and provides opportunities for all. We believe that together we can transform industries, grow economics, lift up societies and sustain our environment. Because it’s the best-run businesses that make the world run better and improve people’s lives.

PURPOSE AND OBJECTIVES
SAP Custom Development delivers tailored software solutions supporting our customers on their digital transformation - through modifications of standard solutions or through the design, development and consultancy of individual solutions engineered for needs of our each customer. Our portfolio ranges from native mobile apps to complex web applications.
As an innovation partner we discover new business models with our customers, increase their innovation power by co-innovation and shape together the future.
We are a creative and dynamic team of designers and developers and are looking for young talents willing to contribute with their strengths and ideas.

EXPECTATIONS AND TASKS
In order to position and promote SAP custom developments new services and to support internal and customer projects, we are looking for highly motivated students who will actively assist us through the following tasks:

- Creation of an individual brand and communication strategy
- Application of the new corporate design within the SAP guideline for our design services and communication channels in the project
- Participation in the visual design and branding of innovative software solutions
- Conception and design of an internal project for presenting our references

EDUCATION AND QUALIFICATIONS / SKILLS AND COMPETENCIES
Student at a university or university of applied sciences
Preferred course of study(s): Communication Design or Digital Media
Skills: very good creative skills and experience with visual design
Design tools knowledge: Photoshop, Illustrator, InDesign
Languages: German / English (fluent at least in one of them)
Soft skills: creativity, teamwork, curiosity and open mind

Your set of application documents should contain a cover letter, a resume in table form, school leaving certificates, certificate of enrollment, current university transcript of records, copies of any academic degrees already earned, and if available, references from former employers (including internships). Please describe as well your experience and skills in foreign languages and computer programs / programming languages.

WHAT YOU GET FROM US
Success is what you make it. At SAP, we help you make it your own.
A career at SAP can open many doors for you. If you’re searching for a company that’s dedicated to your ideas and individual growth, recognizes you for your unique contributions, fills you with a strong sense of purpose, and provides a fun, flexible and inclusive work environment – apply now.

SAP’S DIVERSITY COMMITMENT
To harness the power of innovation, SAP invests in the development of its diverse employees. We aspire to leverage the qualities and appreciate the unique competencies that each person brings to the company.
SAP is committed to the principles of Equal Employment Opportunity and to providing reasonable accommodations to applicants with physical and/or mental disabilities. If you are in need of accommodation or special assistance to navigate our website or to complete your application, please send an e-mail with your request to Recruiting Operations Team (Americas: Careers@sap.com).
Successful candidates might be required to undergo a background verification with an external vendor.
