At Husky, our culture is entrepreneurial, fast-paced and never afraid of change. We look for people who thrive in a dynamic environment, are driven by challenge, and have a passion for excellence. Our people make Husky a special company and are a key competitive advantage.

As a global technology leader in injection molding equipment and services, we offer exciting opportunities to be part of a team that drives industry leading innovation. Our state of the art facilities, modern manufacturing equipment and pursuit of best practices make for a strong culture of innovation and excellence. We are committed to equal employment opportunity and respect, value and welcome diversity in our workplace. Husky also values being a great place to work and strives to maintain a safe workplace.

We are currently seeking a motivated student (m/f) to join a dedicated team at our Luxembourg Headquarters in **Dudelange**.

**Production Engineering Internship Student (m/f)**

You will be responsible to expand our knowledge base regarding filling time of plastic parts.

Fill time is used as an input to size the hot runner melt channels. Therefore it is critical to have it accurate as possible in order to obtain the expected system performance.

Responsibilities include:

- Retrieve actual field data collected by Husky Team members
- Refresh our database
- Compare our estimation model against real data
- Suggest updates to, or confirm our estimation models

The internship should start in March 2018 for a period of 3 months (study-related internship).

**Qualifications:**

- Mechanical/Plastics engineering student, bachelor level or equivalent
- Hands-on individual, dynamic and proactive
- Knowledge of statistical analysis is an asset
- Excellent communication and organizational skills
- Fluency in English, other European languages are an asset

If you are interested in the exceptional challenges and rewards offered by an industry leader, please apply online at: [https://erecruitment.husky.ca/psp/PS/EMPLOYEE/HRMS/c/HRS_HRAM.HRS_CE.GBL?Page=HRS_CE_JOB_DTL&Action=A&JobOpeningId=10886](https://erecruitment.husky.ca/psp/PS/EMPLOYEE/HRMS/c/HRS_HRAM.HRS_CE.GBL?Page=HRS_CE_JOB_DTL&Action=A&JobOpeningId=10886)
