Stellenbezeichnung: Intern/ working student - Learning & Development (m/w)

We are looking for an enthusiastic, self-starting Intern/ working student - Learning & Development (m/w) for a duration of 6 months starting the earliest possible date, who can help us to put in place a cutting edge program of e-learning modules that will take learning and development in Siegwerk to the next level.

Location: Siegburg (L004.SU) Job ID:12221

Your Tasks:

• Support the eLearning development process:
  ◦ Assist in developing clear and structured eLearning storyboards
  ◦ Ensure that the content is effectively delivered and meets the learners’ objectives
  ◦ Serve as a point of contact for all issues with internal and external stakeholders

• Administrative support for the Corporate HR Development Team
• Opportunity to lead projects independently

Qualifications:

• Current student or graduate in Business Administration, Psychology, Education, Distance learning, eLearning or closely related field
• Interest in eLearning, instructional design, applying technology to learning e.g. gamification
• Excellent written and verbal communication skills in English, German would be an advantage
• Experience with Articulate and/or Storyline would be an advantage
