Company description :
We are the world-leading satellite operator and the first to deliver a differentiated and scalable GEO-MEO offering worldwide, with more than 50 satellites in Geostationary Earth Orbit (GEO) and 12 in Medium Earth Orbit (MEO). We focus on value-added, end-to-end solutions in two key business units: SES Video and SES Networks. The company provides satellite communications services to broadcasters, content and internet service providers, mobile and fixed network operators, governments and institutions.

Job description :

Context
6 months internship starting in Spring 2018

SES is the world's leader in global satellite communications providing first-class, worldwide broadcast and data communications.
This is a unique and exciting opportunity to become part of a Global Communications team in a fast-paced, growing organisation within a dynamic and high tech industry. Based in Luxembourg, you will contribute to ensuring effective corporate communication and PR. Our team is international, dynamic and engaged and you will learn with them.
You will see, we never get bored!
The internship is offered for a period of 6 months and will start in Spring 2018 depending on your availability

You responsibilities

Photo/Media archive research
Document formatting, production of ad-hoc content
Support to press office – e.g. media list development, database updates, news monitoring, admin
Support in the production of communications packages and newsrooms
Support official visits to the SES HQ campus in Luxembourg, including taking care of administrative and content needs
Track and compile press coverage for specific business units / market segments
Support other communications projects on a need basis

Please apply on line through our SES Career platfrom and add a cover letter and a CV

Required profile :
Your experience / qualifications
* Being an advanced and current student in Communications, Public Relations or similar
* Excellent general communication skills at all levels (verbal, written, and listening)
* Fluency in English with strong writing skills; other language skills considered an asset
* Demonstrated skills in creating engaging content
* Self-starter, proactive working attitude, ability to work independently as well as in team
* Ability to work under tight deadlines and juggle multiple projects for our internal customers
* Computer literate (MS suite, web tools, photo/video editing)
* Positive and friendly attitude
* EU-25 nationality or work permit

We offer you
* A diverse workplace. For SES, diversity is more than a question of gender or race; we welcome different minds and different skills.
* An exciting experience in a fast moving and fascinating industry. Our technology is launching into space on the next generation of rockets.
* The internship is remunerated. SES provides excellent sport facilities and a canteen on site.

SES is an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, or any other characteristic protected by law.
