COMPANY DESCRIPTION
SAP’s vision is to help the world run better and improve people’s lives. As the cloud company powered by SAP HANA®, SAP is a market leader in enterprise application software, helping companies of all sizes and industries run better. SAP empowers people and organizations to work together more efficiently and use business insight more effectively. SAP applications and services enable our customers to operate profitably, adapt continuously, and grow sustainably.
At SAP, we believe in the power of collaboration and empower our employees to perform at their best in an environment that encourages free and open expression of ideas. You’ll work alongside creative thinkers who share your interests, while turning big ideas into reality for our customers. With innovative job training, mentors to help you grow, and the flexibility to balance your work and personal life, you’ll be able to get more out of your career. It’s no wonder that some of the sharpest minds from around the world are working for a company that is consistently recognized as a global top employer. Now it’s your turn to take the next step and help make the world Run Simple.

PURPOSE AND OBJECTIVES
The SAP Digital Transformation Office (DTO), as part of the Global Business Operations board area, aims to support SAP’s lines of businesses in their accountability to drive simplification within their domain. Pooling process experts who think across board area boundaries, the DTO team helps the business to design efficient and effective E2E processes, derive respective IT requirements and assure a seamless interface into the IT organization.
We are looking for an ambitious intern or working student to support all SAP employees to master their daily business and work, by supplying them with state-of-the-art business software and best-practices.

EXPECTATIONS AND TASKS
Expectations include:

Good understanding of efficient & simple processes
Good research/investigative skills – Curiosity
Good attention to detail; well organized; enjoys order
Good understanding of HTML and CSS
Very good experiences with Microsoft Office 365 products and in general Cloud applications
A good understanding in project management, data analysis
Creative thinking…
Tasks include but are not limited to:

Document as-is processes and transform to new best-practice solutions by using new technologies.
Setting up new or adjusting existing information platforms on Microsoft SharePoint and/or other tools and providing recommendations on enhancements.
Becoming part of a great team.
For all tasks, a high degree of professionalism is expected

**EDUCATION AND QUALIFICATIONS / SKILLS AND COMPETENCIES**

Student at university or university of applied sciences
Preferred fields of study: Information Management, Information Technology, Business/Organizational Studies, … any interdisciplinary studies welcome!
Computer skills: very good knowledge of Microsoft Office and other business tools
Language skills: fluent English (mandatory), fluent German (highly preferred)
Soft skills:
High level of proactivity and self-organization
Result-oriented
Curious, involved, motivated to go the extra mile
Flexibility and readiness to learn new skills

Your set of application documents should contain a cover letter, a resume in table form, school leaving certificates, certificate of enrollment, current university transcript of records, copies of any academic degrees already earned, and if available, references from former employers (including internships). Please describe as well your experience and skills in foreign languages and computer programs / programming languages.

*SAP’S DIVERSITY COMMITMENT*

To harness the power of innovation, SAP invests in the development of its diverse employees. We aspire to leverage the qualities and appreciate the unique competencies that each person brings to the company.

SAP is committed to the principles of Equal Employment Opportunity and to providing reasonable accommodations to applicants with physical, sensory and/or mental disabilities. If you are interested in applying for employment with SAP and are in need of accommodation or special assistance to navigate our website or to complete your application, please contact us at Careers.Germany@sap.com. Requests for reasonable accommodation will be considered on a case-by-case basis.
