COMPANY DESCRIPTION
SAP’s vision is to help the world run better and improve people’s lives. As the cloud company powered by SAP HANA®, SAP is a market leader in enterprise application software, helping companies of all sizes and industries run better. SAP empowers people and organizations to work together more efficiently and use business insight more effectively. SAP applications and services enable our customers to operate profitably, adapt continuously, and grow sustainably. At SAP, we believe in the power of collaboration and empower our employees to perform at their best in an environment that encourages free and open expression of ideas. You’ll work alongside creative thinkers who share your interests, while turning big ideas into reality for our customers. With innovative job training, mentors to help you grow, and the flexibility to balance your work and personal life, you’ll be able to get more out of your career. It’s no wonder that some of the sharpest minds from around the world are working for a company that is consistently recognized as a global top employer. Now it’s your turn to take the next step and help make the world Run Simple.

PURPOSE AND OBJECTIVES
Cloud Infrastructure Services (CIS) is the foundation and integral part of SAP’s cloud solutions and services. It delivers global scale reliable infrastructure from state of the art modern Data Center to automated infrastructure components and layers with high SLA and low TCO on which SAP delivers its cloud offerings to its customers. Within CIS, Service Transition team is targeted to drive, operate and improve Service Transition, Change Management and Release & Deployment Management for CIS team, thus not only enable innovation and flexible operation for cloud delivery, but also bring the CIS operation maturity, stability and efficiency to the next higher level. The new hire will report to the head of this unit and play to key role in Release & Deployment process definition, rollout and execution. As one of the key players in driving release and deployment management and governance, he/she will have exposure to various aspects of the latest cloud infrastructure technology, as well as insights of cloud infrastructure operation in locations across the world.

KEY RESPONSIBILITIES
Lead and execute assigned projects of processes definition, rollout, and continuous improvement for Release and Deployment Management
Responsible for execution for assigned processes. Drive process KPIs. Ensure clear transparency. Monitor
and report the execution results.
The areas to focus are:

Ensure a strong governance of architecture and operation releases
Ensure all release artefacts meeting the defined release criteria
Responsible for running respected Release Control Board.
Drive service transition practise and ensure operation readiness
Responsible for process documentation, rollout, training and adoption
Drive continuous process improvements

Lead and coordinate projects, initiatives, and operation executions for other assigned topics for CIS Service transition team.

REQUIREMENTS AND QUALIFICATIONS

Minimum 5 years’+ professional working experience, thereof 3+ with responsibility as project lead or technical lead.
Solid track record and experience in project management in Infrastructure Operations
Solid understanding of ITIL and operation processes with hands on experiences in Service Transition and Release & Deployment Management.
Solid track record & knowledge of SAP and a true passion for ensuring customer success and excellence
Good understanding of infrastructure demands for SAP offerings and good knowledge of all aspects of Infrastructure technology.
Good understanding of Infrastructure as a Service.
Distinctive problem solving and analytical skills.
Eager to take on new challenges, brings a positive attitude and is resilient to setbacks.
Demonstrated ability to take on new assignments in diverse areas, able to ramp quickly.
Clear leadership and capability to take fact based hard decisions when required, and ensure stakeholder alignment and clear communications.
Ability to work in a matrix environment and managing people through impact and influence
Ability to work in a rapidly changing environment, is comfortable with ambiguity,
Proven track recording in leading and working across different cultures, location and time zones.
Shows capacity to adapt, master new topics/behaviours, and continuously improve. Committed to learning constantly.

SAP’S DIVERSITY COMMITMENT
To harness the power of innovation, SAP invests in the development of its diverse employees. We aspire to leverage the qualities and appreciate the unique competencies that each person brings to the company.

SAP is committed to the principles of Equal Employment Opportunity and to providing reasonable accommodations to applicants with physical, sensory and/or mental disabilities. If you are interested in applying for employment with SAP and are in need of accommodation or special assistance to navigate our website or to complete your application, please contact us at Careers.Germany@sap.com. Requests for reasonable accommodation will be considered on a case-by-case basis.
